VERSE 1

This is the power of your Holy Spirit

Rushing in, yeah we can feel it

From the ends of the earth, You are drawing us back to your heart

VERSE 2

All your people have come together

We're singing your name forever

We're lifting our hands and our voices, calling to You

CHORUS 1

We give thanks to You

All our hope in You

Every step we take

You are with us

CHORUS 2

When we hear you speak

Let our hearts receive

That every word is true

We believe it

We believe it

You are here, you never leave us

A good father who never fails us

We stand in Your hope and declare that the grave hasn't won
